

'My Feel-Good Factor during Covid 19'

This poem is about the corona virus
Whether you were rocking it out to Miley Cyrus
Going out to the garden to play or
Practising your skills for the GAA.

Schools out, lockdowns in
Online school made children gain,
After a while we all got fed up
Was everyone sick of Covid? Yup!

While this whole pandemic was new
Heres some things that I liked to do...

Facetime my friends we'd chat and talk,
Bring the dog on a long walk,
Watch the covid news on a TV screen,
Jump around on the trampoline.

Sun was shining watched the flowers bloom,
Talked to my class and my teacher on zoom.
When Covid-19 did its harm,
I helped my family on the farm.

Keeping corona out wexford was keen,
That was my poem about Covid-19.
