

PRIVACY NOTICE - Junior Cycle Profile of Achievement Award - For the information of parents/guardians of students who will receive a Junior Cycle Profile of Achievement (JCPA) award in 2021

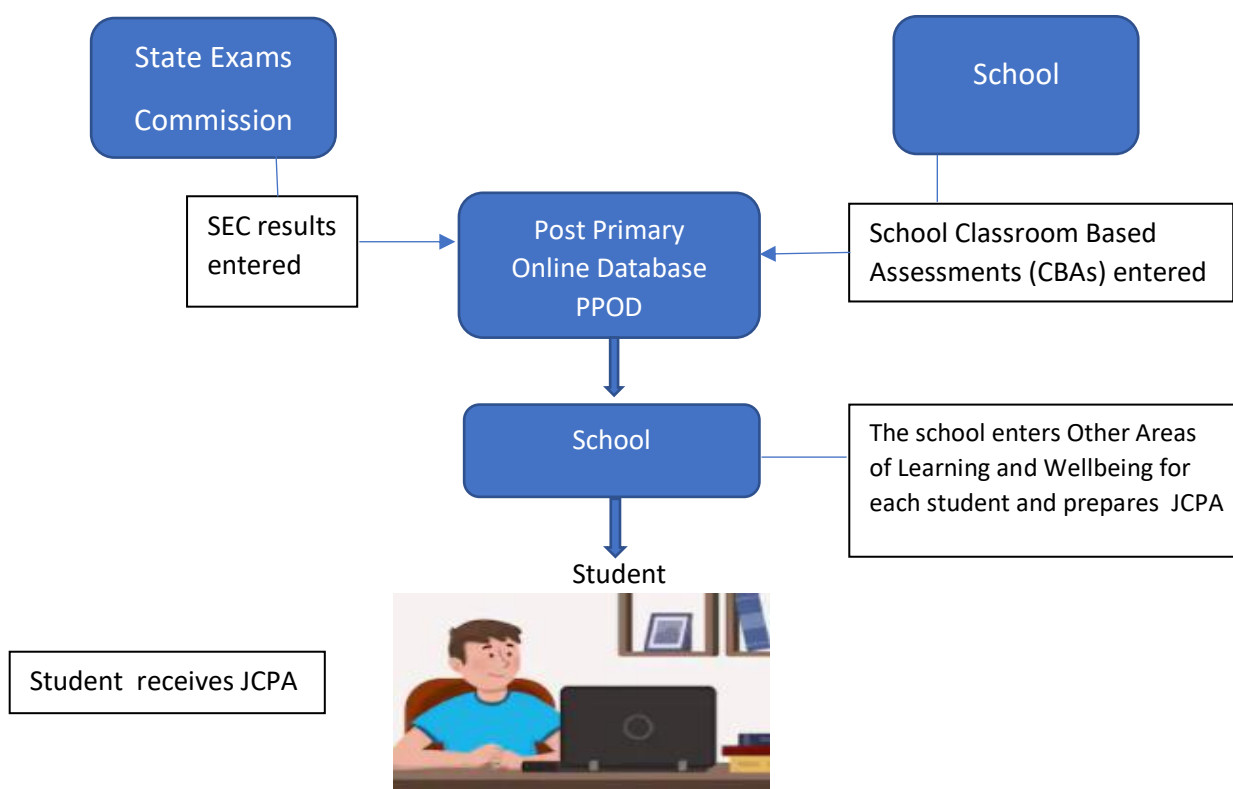

Introduction

It is required by data protection law that before schools commence processing of any personal data a school must first bring a privacy notice on how the student’s personal data will be processed to the attention of parents/guardians. This privacy notice relates to those students who have undertaken Junior Cycle at Level 3 of the National Qualifications Framework i.e. those students who have undertaken Junior Cycle State Examinations.

Process

One of the functions of the Department of Education and Skills is to provide support services to recognised schools. In recent years the Department has developed the Post-Primary Online Database (PPOD) to assist schools in recording and processing details of students enrolled in post-primary schools.

This document sets out the information in relation to how students’ personal data held on the Department’s Post-Primary Online Database (PPOD¹) will be used to produce the Junior Cycle Profile of Achievement (JCPA). The JCPA will be awarded to students during the year following completion of their Junior Cycle examinations. This notice relates to those students who will sit their Junior Cycle State Examinations (National Framework of Qualifications Level 3) in June 2021. The diagram below shows how the student data will be shared in order to produce a JCPA for every student.

1 Please see separate Privacy Notice on general use of P-POD at <https://www.education.ie/en/SchoolsColleges/Services>Returns/Post-Primary-Online-Database-P-POD-Project/Data-Protection.html>

Schools are enabled to record additional assessment student data on PPOD for the purpose of producing a Junior Cycle Profile of Achievement (JCPA) for each of their students who completes the Junior Cycle.

This approach enables

- a. schools to record on PPOD, in advance of the Junior Cycle/Certificate State examination, the subjects that a student is undertaking
- b. the State Examinations Commission (SEC) will provide state examinations final results electronically to the Department of Education and Skills for upload to PPOD and association of these results with each student.
- c. Department of Education and Skills to provide the JCPAs electronically to schools for each student.
- d. schools to complete the 'Other Areas of Learning' and 'Wellbeing' sections of the JCPA for each student and deliver the award to students. The 'Other Areas of Learning' section of the JCPA allows the school to report on other learning experiences and events that the student has participated in outside the formal timetabled curriculum. The Wellbeing section of the JCPA allows the school to report on students learning in Wellbeing.
- e. The data entered at school level for 'Other Areas of Learning' and 'Wellbeing' will not be stored on the Department's database.
- f. following production of the JCPA for each student the school will retain a copy of the full JCPA for each student.
- g. once JCPAs are produced the data will be anonymised by the Department of Education & Skills and used in statistical analysis. No identifiable individual data is used by the Department.

It should be noted that only a small number of staff within the Department of Education and Skills has access to the personal data and then solely to provide technical support to the school when it is using the PPOD application. Student data as set out below will not be shared with anyone else other than another post-primary school in which the student enrolls.

Pursuant to Section 3 and Section 4 of the Data Protection Acts, you may access your personal data and request a copy of your data held on PPOD by contacting your school, or if you are a former student by contacting the Department of Education & Skills.

Under data protection law you may object to the processing of your data or seek to have the data corrected.

More detail on use of personal data by the Department is contained in the FAQ on PPOD available on <https://www.education.ie/en/The-Department/Data-Protection/FAQ.html>.

The Department of Education & Skills Data Controller for PPOD is the Principal Officer in the Parents, Learners and Database Section within the Department who can be contacted by e-mailing p-podhelpdesk@education.gov.ie
